B-TECH AV MOUNTS™

JOIN RAILS TOGETHER FOR LONGER INSTALLS

BT8390

SYSTEM X™ HORIZONTAL MOUNTING RAIL

AV AWARDS 2016 HIGHLY COMMENDED

INAVATION AWARDS TECHNOLOGY FINALIST 2016

AVnews AWARDS 2017 DISPLAY INNOVATION FINALIST

BT8390 horizontal mounting rails are the central component of any System X installation, whether it be for a complex multi-screen install or a single screen application. Made from aluminium, the rail itself is sturdy yet lightweight and is designed to support a variety of interface arms and mounts, allowing screens and other AV equipment to be fitted to the rail. Available in a range of lengths, the BT8390 can be mounted onto walls, poles or System X support columns using a range of different fixing kits (available separately). Rails can be cut to shorter lengths as required or joined together using extension kits (also available separately) for much longer installs.

SPECIFICATION

Max load	Dependent on interface arms used
Lengths available	0.3m, 0.5m, 0.7m, 1.5m, 1.75m and 2m
Fixing kit to wall mount	BT8390-WFK1 / 2 / 3 / 4
Fixing kit to pole mount	BT8390-CFK *(accessory collar required)*
Fixing kit to mount to a support column	BT8380-JPK
Colour	**Silver** *(0.5m length also available in black)*

FEATURES

- Part of the System X range for use in a variety of applications; wall, ceiling, trolley etc.
- Ideal for video walls, menu boards and other multi-screen installations
- Can also be used for premium single screen applications
- Compatible with a variety of interface arms and collar compatible accessory mounts
- Suitable for landscape or portrait installs
- High-end aesthetic quality
- Available in a variety of lengths and can be cut if necessary
- Multiple lengths can be joined together using BT8390-EXT to create longer rails
- Lateral adjustment - position interface arms anywhere along the length of the rail
- Supplied with plastic end caps for a neat and tidy finish
- Simple 'hook-on' installation
