

B-TECH AV MOUNTS™

IDEAL FOR
RETAIL
INSTALLS

BT8380-FFB

FIXED FLOOR BASE FOR SYSTEM X

SYSTEM X
COMPONENT PART

Designed to securely fix System X installations to the floor, the BT8380-FFB Fixed Floor Base attaches directly to any BT8380 vertical column to create a fixed position mounting solution with a minimal footprint. Using a 6mm thick steel plate, this base is strong enough to support loads of up to 200kg per column and is ideal for installations where floor space is limited, such as retail applications which require screens to be mounted closer to walls or shop windows.

SPECIFICATION

Max Load	200kg (per column)*
Plate Thickness	6mm
Bases Supplied	1
Colour	Black

*No more than 100kg should be mounted at a height above 1.2m - see assembly leaflet for more info

FEATURES

- Small footprint for an un-obtrusive installation into confined areas
- Heavy duty steel capable of supporting substantial loads
- High-end aesthetic quality
- Ideal for retail applications where floor space is limited such as in shop windows or for close to the wall displays
- Can be used for large scale video wall installations in straight or curved configurations - ideal for applications such as control rooms
- Can be used for a single column installation of up to 4 screens tall**
- Must be used with a BT8380 Vertical Column
- Comes included with any BT8372 Bolt Down Video Wall Stands
- Integrated cable management
- Available in Black

**Dependent on screen size and weight

Must be used with System X mounting solutions using **BT8380** vertical columns

Can be used for single column installations in landscape or portrait format

Integrated cable management for a neat and tidy installation

Can be used for large scale straight or curved installations - ideal for control rooms
