# WB220S
Surface mount wall box - 151 x 80 mm wall panel

AUDAC

Product information:

The WB220S is a surface-mount wall box designed for the AUDAC NWP222 wall panel. It offers a secure and professional installation solution for panels measuring 151 x 80 mm, ensuring a clean and reliable setup in a wide range of environments. In addition to surface mounting, the WB220S supports integration with the new CF45I versions of cover frames, allowing for flush mount installation of any standard 45 x 45 mm sized device, such as matrix control panels, volume controllers or connection plates.

Product Features:

Dimensions	151 x 80 x 59.5 mm (W x H x D)
Weight	0,098 kg

Variants:

• WB220/SB - Black version
• WB220/SW - White version
